After your appointment, basic makeup application and normal lifestyle routine can resume. To facilitate a more flexible, longer-lasting bond and to minimize potential irritation or adverse reactions, avoid the following **5 activities within the first 24-48 hours:**

1. Avoid exposure to excessive steam or water.
2. Avoid exposure to excessive heat.
3. Avoid spray or airbrush tanning.
4. Avoid wearing or inserting in contact lenses.
5. Avoid using oil based cosmetics and skincare products that may come in contact with your extended lashes.

Daily Aftercare Procedures

When it comes to daily or continuous aftercare for longer lasting eyelash extensions, your strategy is simple: only **use specially formulated eyelash extension compatible** AND avoid the following:

1. Avoid using waterproof cosmetics (i.e. mascara or eyeliner) on or near extended eyelashes.
2. Avoid using mechanical or heated eyelash curlers.
3. Avoid excessive mascara application.
4. Avoid using an eyelash sealer or mascara on your eyelash extensions this may cause clumping or loss of volume.
5. Avoid excessive exposure to friction, excessive rubbing of eyes, and picking/pulling on extended eyelashes.
6. Avoid chemical eyelash treatments such as eyelash tinting or perming.

Other Aftercare Considerations

To prevent damage to your eyelash extensions, **care should be taken** when receiving any of the following facial procedures:

1. Strong chemical peels or skin resurfacing procedures that come in direct contact with the eye area.
2. Facial treatments and facial massages that include direct contact with the eye area and extended eyelashes.

Always inform your esthetician or medical provider that you are wearing eyelash extensions before any facial procedure begins.

Aftercare products Lash Stylists recommend

- **Makeup brush** – Lint-free professional essential for targeted and all-over cleansing of the eye area.
- **Lash Styling Spoolie** - A spoolie for grooming and styling eyelashes and brows at home or on the go.
- **Mini Fan or Hairdryer on Low** – A fan or dryer can be used to quickly and gently dry, fluff, and style your eyelash extensions into place.

_____ Sleeping on my face, extreme weather changes, steam, sauna, and other activities may damage the adhesive or crimp the extensions and may require more frequent refills. I reviewed and understood the aftercare instructions and will do my part to maintain my eyelash extensions

_____ I understand that eyelash extensions require ongoing maintenance (similar to nail rebase) and that refill fees are based on time and/or number of extensions that need to be replaced at the refill appointments. If I wait too long between Refills, I may need to pay for a full set. If I no longer wish to wear the eyelash extensions, my technician will remove them. I will not try to remove them myself (that will damage your natural lash). There will be a fee for removal of the eyelash extensions (\$25).

_____ I release Country Posh Beauty from any and all Liability associated with this procedure which will be performed with the utmost attention to safety and proper application using tools and products that the Technician had been trained and licensed to use. This procedure has many variables due to lifestyle, moisture, weather, extreme temperature, natural eyelash shedding, and other factors.

By signing below, I verify that I have read and understood the above statements and agree to the.
